

JetCard 2205

5 Ports 10/100Mbps Fast Ethernet Switch Universal PCI Card

CE FC RoHS

- Support 32 bit Universal PCI bus
- 5 ports RJ45 Ethernet Switch
- IEEE 802.3 10 Base-T and 100 Base-Tx compatible
- Full or half duplex at 10/100 Mbps
- IEEE 802.3u Auto-Negotiation supported
- IEEE 802.1Q tag VLAN supported
- QoS supported
- 1.5KV Hi-pot isolation protection
- Support Windows Me/XP/NT/2000/2003/Vista, Linux 2.4/2.6
- -25~70°C operating temperature for hazardous environment application

Embedded Switch Card

The JetCard 2205 is a flexible and high performance five-port Ethernet switch card in Universal PCI format. The universal PCI bus of JetCard 2205 supports both +3.3V and +5V slot. The easy-to-install drivers that come with JetCard make it easier for you to set up your complex system. And with its 1.5KV Hi-pot isolation protection, and overload current/voltage protection, JetCard 2205 is ideal for industrial applications in severe environments and is your best choice for embedded networking solution.

The JetCard 2205 uses Marvell 88E6065 chip to provide 5 Ethernet ports. Each Ethernet port in the JetCard offers IEEE 802.3 10 Base-T and 100 Base-Tx compliant Ethernet data transmission with auto MDI/MDI-X and auto-negotiation.

Auto MDI/MDI-X: The JetCard automatically determine whether or not it needs to interchange cable sense between pairs so that an external crossover cable is not required. If the JetCard interoperate with a device that cannot automatically correct for crossover, the JetCard makes the necessary adjustment prior to commencing Auto-Negotiation.

Flow control: The JetCard supports back-pressure and pause frame-based flow control schemes to ensure zero packet loss under temporary traffic congestion.

QoS (Quality of Service): QoS for networks is an industry-wide set of standards and mechanisms for ensuring high-quality performance for critical applications. JetCard provides the shared memory-based QoS switch architecture. Packets are directed into one of four traffic class queues based upon Port, IEEE 802.1p, IPv4's TOS or Diff-Serv, or IPv6's Traffic Class.

VLAN: The JetCard supports IEEE802.1Q tag VLAN and also can be enabled on a per-port basis VLAN.

Ethernet Statistics monitoring: The JetCard has a set of thirty, 32-bit counters to provide a set of Ethernet statistics for frames received on ingress and transmitted on egress. A register interface allows the JetCard to capture, read, or clear the counter values.

Customerized Configurations: The JetCard supports an add-on EEPROM for programming its internal registers.

The EEPROM data will be read in once after JetCard is reset.

Dimensions (Unit –mm)

Specification

Technology

Standard:

IEEE802.3 10 Base-T
 IEEE802.3u 100 Base-Tx
 IEEE802.3x flow control and Back Pressure
 IEEE802.1p Class of Service
 IEEE802.1Q VLAN

Processing: Store and Forward architecture

Packet filter: Broadcast packet filtering

Interface

Bus interface: 32-bit Universal PCI bus

Number of ports: 4+1 Ethernet ports
 10 Base-T/ 100 Base-Tx with auto MDI/MDI-X
 Auto-negotiation

Surge protection: built-in 15KV ESD surge protection

Maximum stacked boards: 4 boards
 IRQ: assigned by Universal PCI plug and play

OS supported:

Windows Me/NT/2000/2003/XP/Vista
 Linux 2.4.x/2.6.x

Hardware

Communication controller:

Realtek RTL 8139C+
 Marvell 88E6065

Board connector: RJ45

Cable connection:

10 Base-T: 2-pair UTP/STP Cat. 3,4,5 cable (100m)
 100 Base-Tx: 2/4-pair UTP/STP Cat. 5 cable (100m)

Dimension: 90 x 130 mm

Performance

Transfer performance: 14,880bps for Ethernet and
 148,800bps for Fast Ethernet

Transfer packet size: 64 to 1522bytes

MAC address: 1K MAC

Power requirement

Power consumption: 0.95A (+3.3V and +5V)

Environment

Operating Temp: -25 ~ 70°C (-13 ~ 158°F), 5 ~ 95% RH

Storage Temp: -40 ~ 80°C (-40 ~ 176°F), 5 ~ 95% RH

Regulation: CE, FCC

Warranty: 5 years

Industrial PoE Switch
IP67/68 Ethernet Switch
Rackmount Managed Switch
Gigabit Switch
Redundant Switch
Entry-Level Switch
Networking Computer
Communication Computer
Ethernet I/O Server
Serial Device Server
Media Converter
Multiport Serial Card
SFP Module
Din Rail Power Supply

Ordering Information

JetCard 2205 5-port 10/100Mbps Fast Ethernet Switch Universal PCI Card

Includes:

- JetCard 2205
- Quick installation guide
- Documentation and software CD-ROM
