

Conflict Minerals Statement

We have received several inquiries regarding Korenix actions regarding Conflict Minerals addressed by the Dodd-Frank Wall Street Reform and Customer Protection Act passed by the US Congress in July 2010. Korenix has a great concern for the issue of "Conflict Minerals" involving the trade of minerals (include derivatives) originating in the region of eastern provinces of Democratic Republic of the Congo (DRC) and surrounding regions where armed conflict results in human rights violation and environmental damage.

Conflict-Free means the product does not contain 3TG or their derivatives from DRC or surrounding regions (Rwanda, Uganda, Burundi, Tanzania and Kenya)
