

Product Phase out Notification

Korenix will phase out following non-superior product:

JetCon 6330/JetCon 6350 Ethernet to IO Media Converter

The production of JetCon 6330/6350 will be executed according to EoL (End of Life) terms. Thus, in case you have any inquiry, please contact your sales window. We accept project based production of min. 200pcs order. For new Industrial Ethernet IO projects we suggest Jet I/O Series with following advanced features:

JetI/O Series Industrial Intelligent I/O Server

JetI/O is a series of Intelligent I/O Server for distributive monitoring and controls. The JetI/O series equipped with one Ethernet port and multiple channels Analog Input/Output, Digital Input/Output and temperature measurement connectors. Thus users can easily perform I/O data collecting, status changing, automatically activate events... through the Ethernet network.
