

Product Phase out Notification

As the market and product development strategy, we are going to phase out following product which without market superiority:

JetNet 4005 5-port 10/100TX Web-Managed Switch

Above model will be phase out on July, 2009, but Korenix will keep the R.M.A. strategic for 5 years.

If you have any project or market plan about JetNet 4005, we recommend replace to JetNet 4008, 8-port 10/100TX web-managed Switch.

About the JetNet market plan or any sales promotion, please contact your local representative or distributor.
