

## Product Replacement Notification

Dear Partners,

Due to the shortage of the major chip, Korenix will phase out the following  
Serial Device Server:

**JetPort 5601      Industrial 1-port Redundant Serial Device Server**

The replacement model JetPort 5601(New) will be released in Q4, 2015. In case of any inquiry, please contact your sales window. We appreciate your understanding and we will keep focus on providing more enhanced and value-added products for you.
